EDUCATION

- **Master of Technology in Computer Science and Engineering** 2023-25
Indraprastha Institute of Information Technology, Delhi CGPA: 8.48
- **Bachelor of Technology in Computer Science and Engineering** 2018-22
Pandit Deendayal Energy University, Gandhinagar CGPA: 9.14

EXPERIENCE

- **Software Engineering** July 2025 - Present
STMicronics Offline
 - Developed and optimized workflows in ServiceNow, enhancing automation of IT service management processes and improving overall operational efficiency.
 - Collaborated with cross-functional teams to design, implement, and maintain application flows tailored to business requirements, ensuring scalability and reliability.
- **Software intern (Java- Spring)** Jan,25 - Jul,25
STMicronics Offline
 - Worked on the PCMS application, a Java-based Maven project built on the Spring framework.
 - Contributed to both backend development and maintenance of a Spring Boot web service.
 - Diagnosed and resolved application issues to enhance overall performance and stability.

PROJECTS

- **Emojiify: Detecting Human Emotion** Team size:2
Developed a CNN-based system to detect seven emotions to enhance human-machine interaction
 - Tools and Technology : CNN, TensorFlow, K-means, OpenCV, Docker
 - Analyzed speech and facial expressions to achieve high accuracy in emotion recognition.
 - Integrated a feature to cartoonize images of individuals, adding a creative dimension to the system.
- **LegalLense** Team size:2
Developed a legal information retrieval system using the BM25 algorithm, TF-IDF and integrated with LLM
 - Tools and Technology : Python, streamlit library, Django, css, js.
 - Integrating advanced natural language processing and information retrieval techniques.
 - Create chatbot which is provide the information about indian legal system
- **Trip Planner (Data Integration)** Team size:3
Developed a Trip Planner Website using ReactJS and MySQL to help users find ideal travel destinations.
 - Tools and Technology : MYSQL Workbench, ReactJs, Talend.
 - The site offers real-time schedules for trains, buses, and flights between destinations.
 - Included a feature for users to explore ongoing festivals in various states during their selected travel period.

TECHNICAL SKILLS AND INTERESTS

Languages: C/C++, Python, ReactJS

Libraries : C++, STL, Python Libraries

Cloud/Databases: MongoDB, Relational Database(mySql), AWS, ServiceNow

Relevant Coursework: Data Structures & Algorithms, OS, DBMS, Information Retrieval, Machine Learning

Areas of Interest: Software engineering, AI-ML

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

POSITIONS OF RESPONSIBILITY

- **Volunteer roles:** Odyssey Annual Fest - IIIT, Delhi
 - M.Tech Representative in Odyssey
 - Part of Operational team
- **Teaching Assistant:** Supported teaching and grading for undergraduate courses - IIIT, Delhi
 - Computer Networks
 - Introduction To Database Management System

ACHIEVEMENTS

- Served as vice-captain and led the team to runner-up position in IIITD's cricket tournament.
- Successfully completed an NPTEL course
